

Austria presents a free travel guide for smartphones!

The iAustria Travel Guide is especially designed for travelers from the Middle East and can be used on iPhone, Blackberry and all smartphones with Android system.

The iAustria Travel Guide is very useful both for the preparation of your holiday and during your stay in Austria. It offers:

- Comprehensive overview of the best family attractions, sights and shopping facilities
- List of restaurants, including Asian, Arabic and halal restaurants
- Special discount cards that will help you save money on transportation, restaurants, shopping and tourist attractions
- Information on mosques, prayer rooms and Islamic institutions in Austria

It comes with the following features:

Your personal travel consultant for the preparation of your holiday: ►

Do you prefer to stay in a city or enjoy the nature? Would you rather relax or get some action? You tell us how you like your holidays in Austria to be and we tell you the best places to visit for you!

“Near me” location search: ►

The GPS receiver of your mobile phone locates your current position in Austria and shows you on a built-in map where to find all the interesting places around you.

Your personal travel guide: ◀

A comprehensive overview of 300 popular tourist attractions, hotels, shopping facilities, prayer facilities, discount cards and many more in Arabic language – including many pictures and videos.

Language Guide: ►

It is always nice to know some local language of the country you visit. This feature gives you the most important phrases you need as a tourist and does even “speak”.

Augmented reality: ►

Once you are in Austria, you can look through your iPhone (only works on iPhone) and it will give you background information on the screen of all the points of interest that you are actually seeing in that moment.

You can download your free Austria Travel Guide called “austria. unique like you” from:
